A Cordial Invitation

We cordially invite you to be our guests on Oct. 18, 1950. For 50 years we have been breeding Polled Shorthorns in our family. In view of this fact, we decided to hold an auction worthy of fifty years of consistent progress.

We hope that you will arrive in ample time to permit an inspection of our battery of breeding bulls, the breeding herd, and the calves that are produced, as well as the cattle in the offering.

The cattle in this auction will speak for themselves. Our footnotes are facts and no descriptions are given. Our confidence in the cattle to be sold is unlimited. The greatest set of young bulls we have ever developed in fifty years of breeding will be sold in this auction. The complete Sperry herd of cattle from New York will be dispersed. We felt it unfair to you if we would keep the top half of this great herd. You can buy any animal you like.

In loyalty to Polled Shorthorns we know of no method of opening up broader channels and more fertile fields, no means of creating greater interest, stimulating more breeders, than to offer this outstanding set of cattle. They are at the very peak of production efforts of many year. New owners, we sincerely hope, will carry them on to a further degree of success.

THE THIEMANS.

CONCORDIA, MO.

POLLED SHORTHORNS

“Great cattle have and are playing leading parts in the production of Thieman’s Polled Shorthorns.”

Championships galore have been won. Sales have been topped. Herds, large and small, have been improved through this breeding.

This book could literally be filled with photos of great cattle, bred in this herd and even then the size and space of this catalog would be inadequate.

It is fitting and highly proper to at least show the photos of those animals that have achieved International Live Stock show honors.

Remarks

You have heard the expression "these are cattle that sell themselves." The above statement could certainly be said of the cattle the Thieman's are selling in their sale on October 18th, because I know they have turned down many attractive offers for practically every lot that is listed.

Many people saw the Sperry Farms herd being put together and were aware that in the sales in which they purchased, only the top animals by top sires were selected. It is hard to believe, however, until you see this great group of females on the Thieman Farm, that they could have selected so completely for uniform type and quality. In addition to this the cattle are all young, every one that sells in this sale is a regular producer and conforms as closely as possible to ideal conformation and type.

It has been a great while indeed, since anyone has offered a stronger set of herd bull prospects than the sons of Killearn Max Juggler that are being offered in this sale. There is little doubt but what their good heads, strong tops, depth of body, substance and bulging quarters will have a great influence on the Polled Shorthorn breed.

The beef cattle business is certainly the bright spot in our entire agricultural economy and everything points to the fact that it will no doubt remain the most profitable phase of agriculture for many years to come.

This offering is unusual in the fact that every animal being sold is strictly desirable. There are no "fillers" because these were eliminated earlier in the Sperry herd and up until now the Thieman's have sold none of the sons of Killearn Max Juggler. I believe, too, that former Thieman customers will vouch for the fact that the Thieman's are the right kind of folks to buy from.

Mervin F. Aegerter, Sale Manager

We wish to take this opportunity to thank Ross Evins for the great efforts he has put forth on our behalf in caring for our show and breeding cattle.

We also owe a real debt of gratitude to Howard Chamberlain, Bill Deatherage and Don Hollingsworth for their work with the cattle consigned in this auction.

Did You Know?

That noted cattle of Thieman breeding have been sold to go to Canada, Australia, New Zealand, Argentina, The British Isles, and South Africa!

That this is the 50th year that Polled Shorthorn cattle have been bred in the Thieman Family!

That during the past 13 most recent International Live Stock Shows, Thieman's have bred and shown almost half of the International Grand Champions in Polled Shorthorns!

That most of the calves on the Thieman Farms today are sired by three bulls as follows: King of The Vanities, sire of three International Grand Champions; King of The Vanities 50th, the 1948 International Grand Champion; and Killearn Max Juggler the 1949 International Grand Champion!

That 50 percent of the females in the present Thieman herd are either half sisters to an International Champion or they are sired by an International Champion!

That of the remaining 50 percent of the breeding herd, 70 percent are Granddaughters of an International Champion, or a grandsire of an International Champion!

That the Thieman herd of Polled Shorthorns is one of the larger herds in the United States!

That you are more than welcome to stop at the Thieman Farms to see this herd of cattle at your convenience!

KILLEARN MAX JUGGLER 2487000 - Truly one of the greatest Shorthorn bulls that has ever been developed. He was bred and sold by Claude Gallinger, Tofield, Alberta, Canada, to the Thieman's as a calf less than 12 months of age. At 12 months of age he weighed 1075 pounds, and at 24 months of age he weighed 1750 pounds. He was used heavily while Thieman's owned him and they sold 19 heifers bred to him for an average price of \$1132. The best Thieman females were settled and safe in calf to him when on June 27, 1949, he was sold to Clausen Brothers at Spencer, Iowa. The Clausen's exhibited this bull at three of the greatest shows of the entire country, the American Royal National Shorthorn Show, the Eastern National Livestock Show, and the International Livestock Show. Killearn Max Juggler was undefeated for Grand Champion Bull at all three great shows. He won under what may have been a tremendous handicap because he was not handled or fitted as a show bull while in Thieman hands and when he won his highest honors, he had actually settled over 130 females with calf. He also won the British trophy for best animal of the show, bull or female at the International. Today, retired from the showing, his calves are proving his worth as a breeding bull. He is passing on his grand individuality, his great doing ability, and the actual meaning of that Shorthorn slogan, "weight for age". Every heifer calf that was born at Thieman's, sired by this bull will become a valued part of their breeding herd. None will be sold in this auction.

KING OF THE VANITIES x2123419 - Thirteen of the fourteen cattle appearing on his pedigree were either International Champions or the sire or dam of an International Champion. A quotation from the special issue of the "Shorthorn World" of last year is as follows: For the "most valuable Polled Shorthorn sire of 1948," this study points to King of The Vanities. He had the winning get-of-sire group at the Illinois State Fair and the third prize get at both the Congress show and the International. He sired the grand champion bull at Illinois, and the International and also the grand champion female at Illinois. Another indication of his prepotence and his popularity is the record his get compiled through the salering. Of the 24 entries that were sold for over \$1,000 at the International and Congress sales, eight were sons and daughters of King of The Vanities. King of The Vanities, from the data at hand, rates in our judgment "the most valuable polled sire of 1948."

King of The Vanities has sired three International Grand Champions. The Grand Champion Female of 1947, Clarissa Coronita 4th, the Grand Champion Bull of 1948, King of The Vanities 50th, the Grand Champion Female of 1949, Nonpareil Coronita 12th as well as countless winners in many important other shows. His calves are now in South Africa, Argentina, Australia, Canada and all over this country. Nearly 40 of his best daughters are now valued members of the present Thieman breeding herd.

Her first daughter proved the worth of a really good breeding cow in the N. J. Busch dispersion sale. Delwed Farms and Gunn Farms are both using sons of this grand old cow. The dam of 100th is still a near perfect cow even though she is now 14 years of age and still producing. The 100th is one of the very first calves sired by the 1948 International Grand Champion Bull, King of The Vanities 50th.

KING OF THE VANITIES 101ST - A double grandson of the grand old sire of champions, King of The Vanities. This calf is by the International Grand Champion, King of The Vanities 50th.

The Sperry Herd

The date was June 20, 1950 when the entire Sperry herd from Greenwich, New York was purchased by Thieman's at Concordia, Missouri. They were shipped to the Thieman farm by rail with Don Hollingsworth in charge.

Mr. Sperry certainly had not spared money in assembling this great young herd of cattle. The overall average price he paid for them with a great many of them young open heifers was \$918 per head. He made a wise choice of bulls to mate to the outstanding females he purchased when he bought Jnoetta Defender, 1948 National Polled Shorthorn Congress Champion Bull and Cherry Hill Adroit, the young son of Edellyn Royal Leader 2d who later sired the 1949 International Grand Champion bull. Today these females are just reaching maturity and full productivity. The oldest female in the herd is a short four year old. Many of them have calves at foot and many are rebred. They represent practically every line of breeding that is popular in Polled Shorthorns today. They are sired by great and noted breeding bulls. They are uniform in type, quality, and color because of their uniform excellence. Among them are Congress Champions, half brothers and sisters to Congress and International Grand Champions, International winners, State Fair Grand Champions, etc.

It would be impossible to write descriptive footnotes, family history and what the dams and sires of these great cattle have achieved. It would take a lot of words and a world of research to reveal winnings of these animals and their ancestry. Only the actual breeder of each one could begin to do a footnote justice.

A complete breeding list will be furnished on sale day. The majority of the young cows will be mated to sons of Killearn Max Juggler, and several to King of The Vanities and King of The Vanities 50th. About 25 of the cows have calves at foot.

Almost all of the females are calfhood vaccinated for Bang's Disease.

Even though it has been a tremendous temptation, the Thieman's have decided to sell all of the Sperry herd. If they were to keep the best, it would be hard to draw the line and mighty few cattle would be left for a sale.
